

Mrs J Augustin
Suttons Primary School
Suttons Lane
Hornchurch RM12 6RP

TBL/JMH

4th November 2008

Dear Jill,

I enclose a copy of the agreed boundary line between our two schools which we discussed in our meeting before half term. Please could you and your Chair of Governors sign a copy and return it to us for future reference.

It may be that a more formal document will need to be drawn up in the future, using the Legal Services Department from the Borough but at least this demonstrates our understanding of the boundary between the two schools.

It is clear from the meeting with Andrew Ireland and David Tomlinson that I attended with Paul Baglee (Chair of Governors) the Local Authority wishes to retain the ownership of the access to the school site. There will need to be a further clarification about the maintenance and future repairs of the drive.

With reference to your predecessor's letter regarding the proposed move to foundation status for The Sanders Draper School and Specialist Science College (dated 9th June 2008) we remain committed being an active part of the family of Havering schools and a resource for our local community.

Finally, we value the special relationship that we have with Suttons Primary School and the opportunities that we have to develop extended school provision on both our sites. The proposed development for the nursery provision on our sites is one example of how both schools can work together in the future to enhance the life chances of young people in our locality. I am sure we will be able to develop additional joint projects in the future.

Yours,

Tess Blight
Head Teacher
